

E-Safety Agreement

Parent/guardian name: _____

Child's name: _____

Class: _____

As the parent or legal guardian of the above pupil(s), I grant permission for my daughter or son to have access to use the internet, LGfL Safemail email* and other ICT facilities at school.

I know that my son or daughter will be taught e-safety skills in school. I will discuss the importance of e-safety and responsible use of the internet with my child.

I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the internet and mobile technologies, but I understand that the school will take every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials. These steps include using an educationally filtered service, restricted access email*, employing appropriate teaching practice and teaching e-safety skills to pupils.

I understand that the school can check my child's computer files, and the internet sites they visit and that if they have concerns about their e-safety or e-behaviour that they will contact me.

I understand that in line with the school's data security and privacy requirements, I must not upload photographs or videos (containing images of other children) of class events onto social media sites. I also understand that as a responsible member of the school community, I will not post any comments related to the school community on social media sites.

I will support the school by promoting safe use of the internet and digital technology at home and will inform the school if I have any concerns over my child's e-safety.

*At this school we only use London Grid for Learning with pupils. The email is 'safe' as pupils can only email others in their class.
