

## Children's Mental Health Week – 9-15<sup>th</sup> February 2026

### This is My Place

Children's Mental Health Week is an annual event dedicated to raising awareness about children's mental health. This year's Children's Mental Health Week 2025 will take place on 9-15<sup>th</sup> February. It is a great time to have an open a discussion about mental health and wellbeing with children and young people.

The theme is **This is My Place** which aims to support the groups and systems around children and young people to help them feel they belong. It is an opportunity to encourage peers, families, schools and communities to create inclusive and nurturing environments, where children and young people feel they belong and can say "*This is My Place*".

[Place2Be have free resources](#) including assemblies, class activities and top tips as inspiration for Children's Mental Health Week 2026.
